

Scales calibration Service package

Bühler offers an annual preventive maintenance program to ensure that your equipment operates at peak accuracy and efficiency. Our team will visit your plant and inspect your Scales and Flow Balancers. This service will ensure that your process line is performing at an optimal level and you are receiving maximum value from your investment.

This annual service contract includes:

- Inspection
- Calibration
- Basic repairs (if parts available onsite)

Conditions:

- Minimum of 7 scales
- Flat rate per scale – contact for details

Locked Service
rates available for
up to five (5) years
with service
agreement

TotalCare offers a wide range of choices at varying cost and service levels to help you get the best out of your machines. Together with you, we define a customized service package for inspections, repairs, and maintenance - all designed to boost your production performance. [Contact us to learn more.](#)

Benefits:
