

The image shows a large industrial facility, likely a feed mill, with several tall, cylindrical silos and complex metal scaffolding. The sky is clear and blue. A large, semi-transparent pink and purple circular graphic is overlaid on the right side of the image. A white rounded rectangle contains text on the left side.

Feed safety starts
with perfect drying.
**CJ Feed Semarang,
Indonesia.**

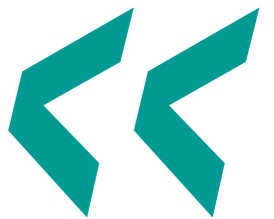

CJ Cheil Jedang Feed Indonesia is part of CJ Cheil Jedang corporation group, a South Korean based company who owns many feed mills plants across Asia. CJ Feed Indonesia operating 6 feed mill plants producing poultry feed and aqua feed, located in Banten - West Java, Jombang - East Java, Banjarmasin - South Kalimantan, Lampung - South Sumatera, Medan - North Sumatera, and Semarang - Central Java.

In 2018, a new dedicated corn collection point is built in Grobogan, Semarang - Central Java to supply dry corn material to all CJ's feedmills in Indonesia. The facility has a drying capacity up to 400 tons per day.

Bühler's continuous Grain drying system is stable and easy to operate, we are satisfied with the product result, the corn is clean, dust-free, the color is not pale, and no-odour.

Hyun Heung Chun, Vice President
PT. CJ Cheil Jedang Feed Semarang

Solutions for the perfect drying.

CJ Cheil Jedang group corporation trust in Bühler quality, it is proven through world-wide collaboration between CJ feed group corporation and Bühler since many years.
