

Utilise your machines full capacity. **Realise your full potential.**

Increasing your capability without investing in an additional optical sorter is now possible thanks to the **Module Upgrade Kit**.

This new kit, which allows you to add extra modules to your existing SORTEX optical sorter, increases output and supports you to reach the full potential and capacity of your production lines.

For example, adding only one **Module Upgrade Kit** to an existing 2-channel optical sorter will increase the processing capacity by 50%. **Its time to invest in your investment.**

Key Features and Benefits:

- Increase your capacity and capability
- Maximize your revenue and profitability
- Full 12 month warranty
- Competitive advantage without major investment.

Available on multiple SORTEX configurations, see your local representative for more details.
