

We cordially invite you to our seminar on May 10, 2023 in Istanbul, Turkey.

New approaches, trends and challenges are shaping today's die-casting industry. We are therefore hosting a seminar to bring together the industry and discuss relevant topics such as complex castings, sustainability and OEE improvement. During the seminar, approaches, solutions and product innovations for high pressure die casting as well as services will be presented.

#### Practical information

The seminar will take place in the Limak Eurasia Luxury Hotel in Beykoz/Istanbul, Turkey. The participation to the seminar is free of charge. Lunch on May 10 will be provided by Bühler. In case of any questions or different preferences please send us an e-mail via [die-casting@buhlergroup.com](mailto:die-casting@buhlergroup.com).
